- Development of challenge from easy to difficult
- Workbook design ensures learners' work is all in one place
- Complete solutions for Accounting guides
- Teacher's guides for EMS specially designed to make life easier in every way

### Fun Economic & Management Sciences

EZ Learn's Fun EMS guides include a fun introduction to Business Studies and Economics in the FET phase while giving learners a strong foundation in Accounting. The emphasis is on having fun in the classroom, and the guide is filled with activities to interest learners while giving them a practical and relevant introduction to commercial subjects.

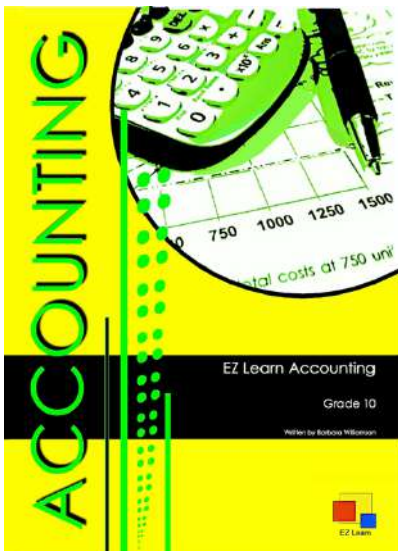

ISBN 978-0-9802631-3-8

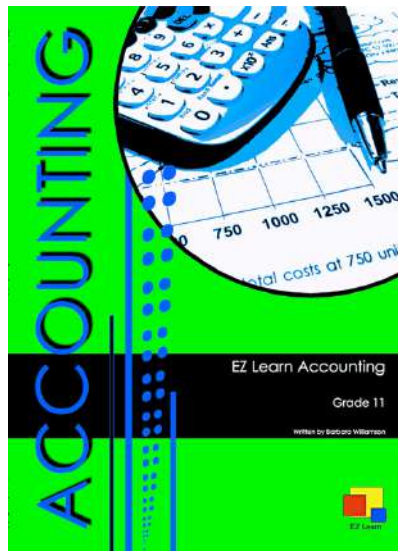

ISBN 978-0-9946882-2-4

## EZ Learn Accounting

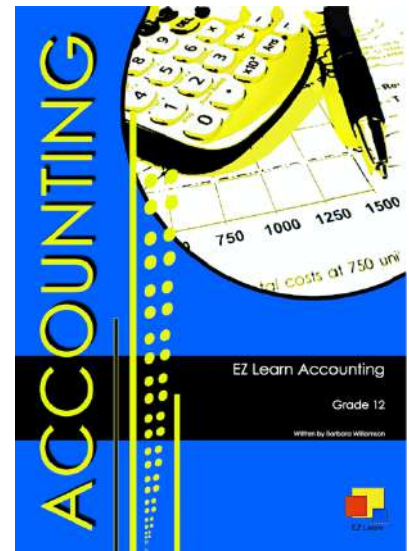

EZ Learn's Accounting daily learning guides approach the subject in an exciting yet simple way that is fun and easy to understand, showing learners the reasons behind the methods used. Once they have grasped the basics, the exercises move on to more advanced, challenging activities requiring higher order thinking skills. The workbook format makes completing exercises much easier for students. Creative and fun activities, articles, and projects give colour to this 'grey' subject, making it interesting, relevant and practical. The guides are regularly updated to stay in line with curriculum changes. Solutions are available online in PDF for free so that they are able to check their work and identify problem areas as quickly as possible.

ISBN 978-0-9802630-6-0

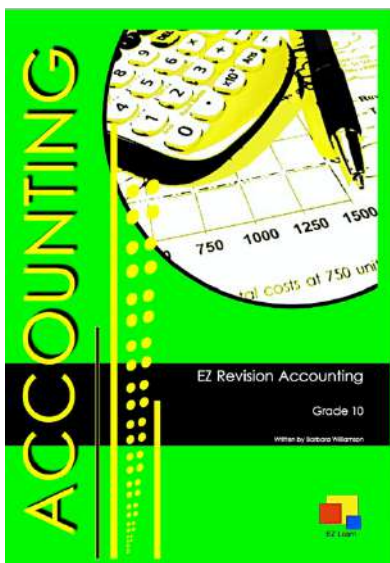

ISBN 978-0-9802630-7-7

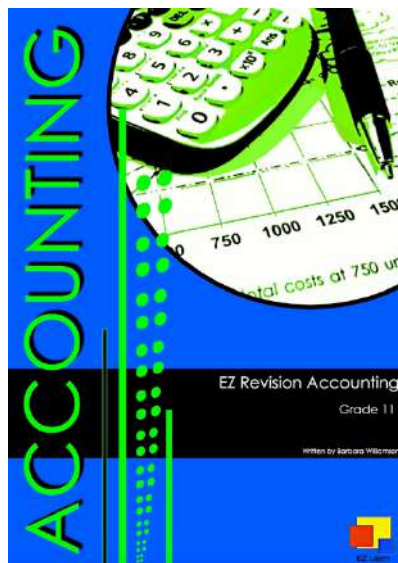

ISBN 978-0-9802631-7-6

## EZ Revision Accounting

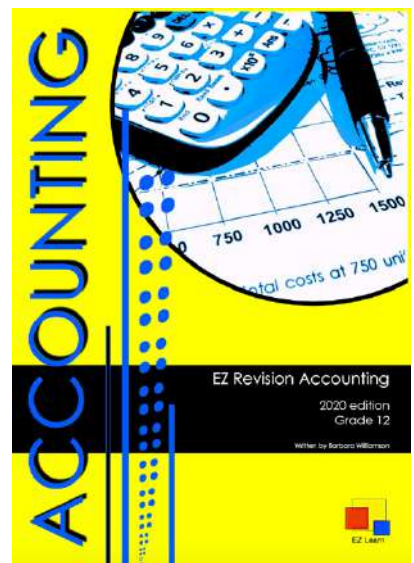

The revision guides have proved very popular since their introduction a number of years ago. They include past IEB and National (DBE) paper questions, as well as original exam paper questions. The questions are separated into the different sections taught, with each chapter being introduced with a crash course on that section, including special exam tips. Accounting specific study skills and a specially designed revision plan are also included.

ISBN 978-0-9802631-6-9

ISBN 978-0-9946882-7-9

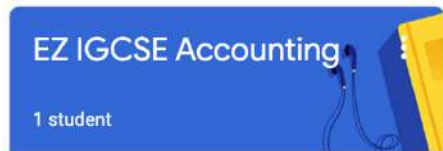

2020: ISBN 978-0-9946883-3-0  
2021: ISBN 978-0-9946883-5-4

# Catalogue of EZ Classrooms 2020-2021

## (IEB / CAPS and Cambridge)

### EZ Learn Classrooms for students

EZ Lesson Classrooms provide work and revision plans for the year, weekly lessons for students with instructions, links to relevant videos and other resource material, and assignments of questions to be completed and submitted online. All work is carefully monitored and feedback given. Additional Zoom lessons are also available in support of the Classrooms if more personal guidance is required.
