EZ guides (IEB / CAPS)

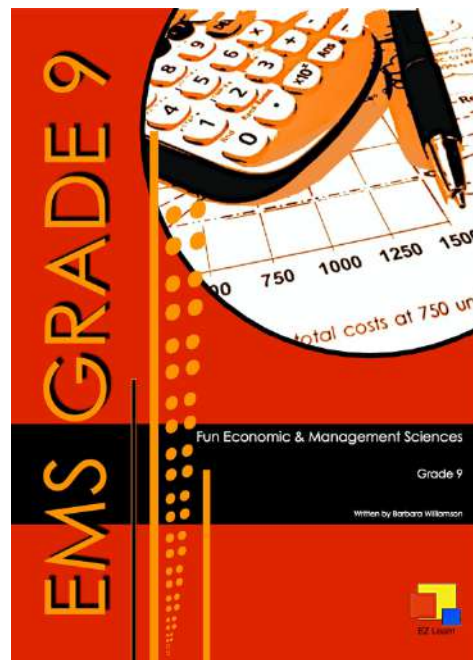

FREE access to Google Classrooms with the purchase of each EZ guide, providing you with additional online material. These support resources include ready-made lessons, quizzes and other self-marking tests, presentation slides, links to relevant videos or other resource material and complete solutions to the EZ guides.

Fun Economic & Management Sciences

Where debits are Smarties and credits are Jelly Tots ... who can resist learning? EZ Learn's Fun EMS guides include a fun introduction to Business Studies and Economics in the FET phase while giving learners a strong foundation in Accounting. The emphasis is on having fun in the classroom, and the guide is filled with activities to interest learners while giving them a practical and relevant introduction to commercial subjects. The learners' guides are laid out so that they are easy for learners to work from. Basic notes are highlighted for future reference and the workbook format makes everyone's lives easier.

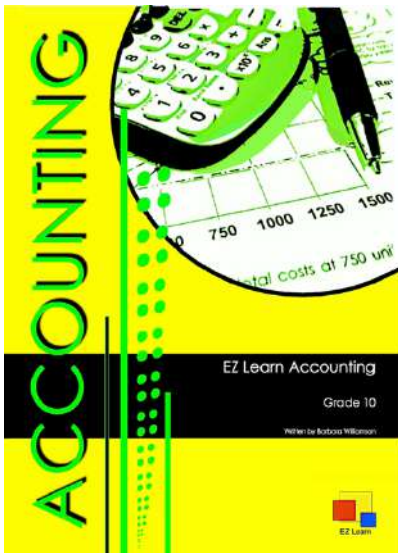

Fun EMS Grade 8
ISBN 978-0-9802631-3-8

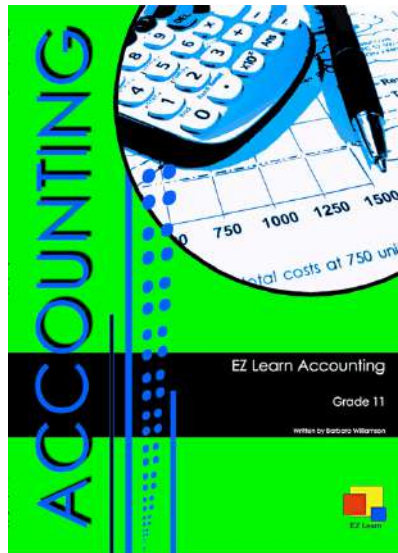

Fun EMS Grade 9
ISBN 978-0-9946882-2-4

EZ Learn Accounting

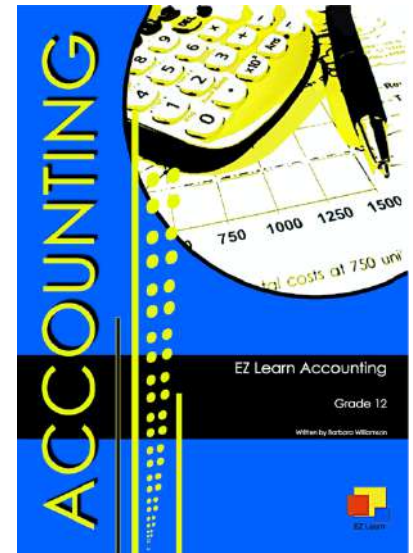

EZ Learn's Accounting daily learning guides approach the subject in an exciting yet simple way that is fun and easy to understand, showing learners the reasons behind the methods used. Once they have grasped the basics, the exercises move on to more advanced, challenging activities requiring higher order thinking skills. Creative and fun activities, articles, and projects give colour to this 'grey' subject, making it interesting, relevant and practical. The workbook format makes completing exercises much easier for students. The guides are regularly updated to stay in line with curriculum changes. Solutions are available online in the Google Classroom so that they are able to check their work and identify problem areas as quickly as possible. This also means less valuable class time is wasted on marking. Additional resource material and links to videos can also be accessed using the Classroom link provided in the EZ guide.

EZ Learn Accounting Grade 10
ISBN 978-0-9802630-6-0

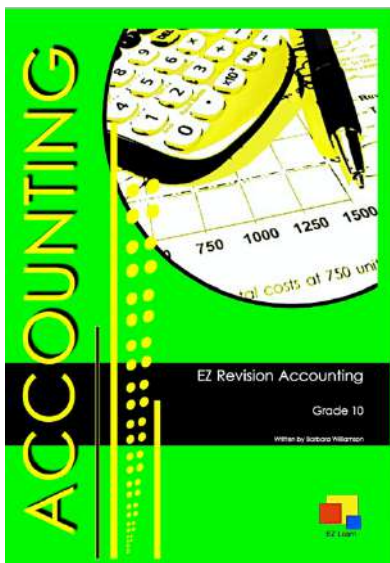

EZ Learn Accounting Grade 11
ISBN 978-0-9802630-7-7

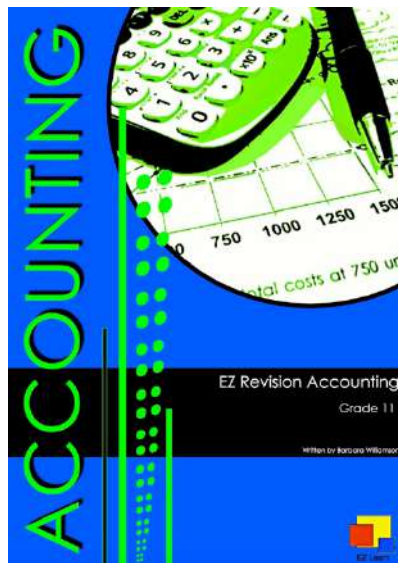

EZ Learn Accounting Grade 12
ISBN 978-0-9802631-7-6

EZ Revision Accounting

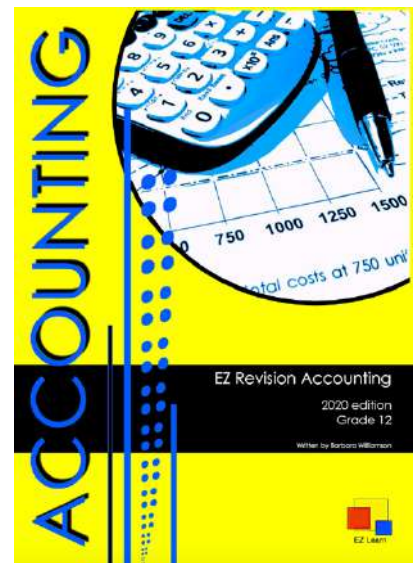

The revision guides have proved very popular since their introduction a number of years ago. They include past IEB and National (DBE) paper questions, as well as original exam paper questions. The questions are separated into the different sections taught, with each chapter being introduced with a crash course on that section, including special exam tips. Accounting specific study skills and a specially designed revision plan are also included. The guides are in workbook format, and complete solutions in the Google Classroom include helpful hints.

EZ Revision Accounting Gr10

EZ Classrooms (Cambridge)

EZ Learn Classroom

For students who like to work independently, the EZ Classroom option offers all the required resources and assignments to help them to master the concepts and skills needed. Material is posted on the versatile Google Classroom platform which keeps a record of grades for work submitted. Work and revision plans for the year, weekly lessons for students with instructions, links to relevant videos and other resource material, and assignments of past paper questions that can be completed and submitted online are provided.

EZ Guided Classroom

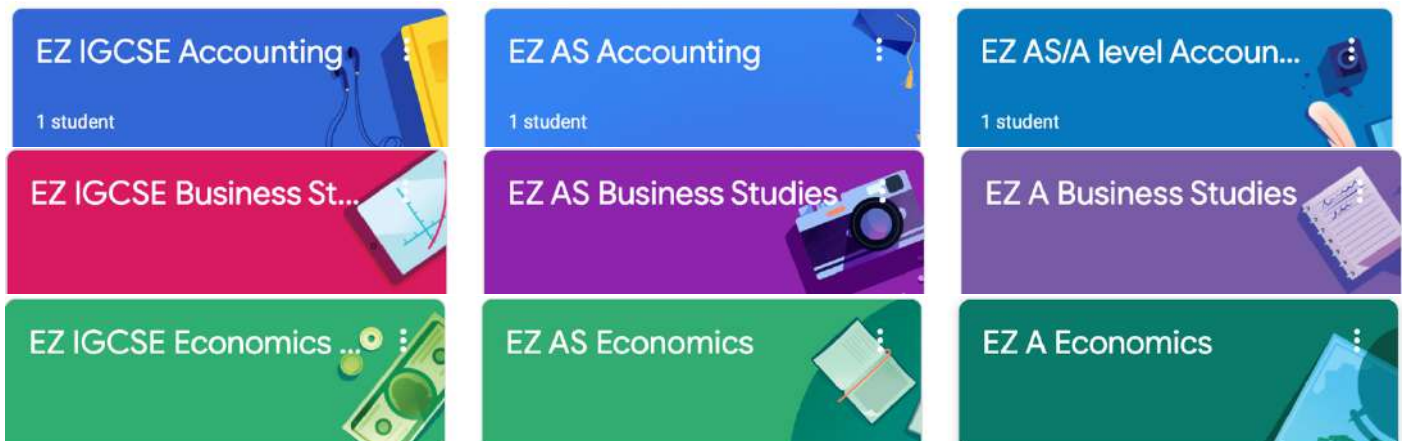

All assignments can be carefully monitored and moderated in order to ensure that the student works consistently, and that their work is the required standard if the Guided Classroom option is chosen.

EZ Classroom Plus

EZ Classroom Plus includes the Guided Classroom and is also supported by 2 x 30-minute additional Zoom lessons for any additional explanations or assistance that may be required. Additional lessons can be added if needed.

Rates for Guided Classroom and Classroom Plus include:

- A personalised work and revision plan, with all work being monitored and feedback given.
- EZ Learn course notes or learning guides and past exam paper questions in an EZ Classroom.
- Access to video lessons.
- Ongoing support for questions and help via WhatsApp.

EZ Lessons (IEB / CAPS and Cambridge)

Need more personal help? Book your face-to-face, online lessons or revision workshops with Barbara Williamson - over 25 years' teaching and tutoring experience, authored the EZ Learn guides and was an IEB examiner from 2010 to 2013. Experienced in teaching and tutoring Accounting, Business Studies and Economics in CAPS, IEB, Cambridge and a number of universities' first year courses.

Individual and group lessons

Lessons can be ongoing or ad hoc, as often or as little as is needed. Group lessons (2 to 5 students) and revision workshops (6 to 15 students) are best booked with friends, or if there is enough demand groups can be created from individuals. Since the beginning of lockdown, all lessons have been taught online using Zoom and a variety of other online tools. These have been just as effective as when lessons were taught in person.

Rates include:

- Online Zoom lessons personalised to students' needs.
- A personalised work and revision plan, with all work being monitored and feedback given.
- EZ Learn course notes or learning guides and past exam paper questions in an EZ Classroom.
- Access to video lessons.
- Ongoing support for questions and help via WhatsApp.

Revision workshops

Revision workshops usually run over one or two mornings from 09h00 to 13h15. They consist of a set of 5 or 10 x 40 minute sessions covering each of the main topics, but can be tailored to suit the specific needs of a group. Sessions are charged at R75 per session, or R350 per morning, for each student. A minimum of 6 students is required to book your own customised workshop.

Rates include:

- Crash course notes
- A selection of past paper questions
- Private access to the recordings of the workshop sessions.
- Ongoing support for questions and help via WhatsApp.
