"A *Personal Eclectic Curriculum* is written in such an applicable manner, and it has inspired us to consider using an eclectic curriculum for our own family - it just makes more sense to have the flexibility of using multiple resources to fit our family's growing hunger for knowledge."

"Hou aan met jou goeie werk! Jou webtuiste en artikels help my baie. Ek verwys gereeld nuwe tuissskolers en ander mammas na jou webtuiste. Ek was nou net die naweek weer besig om deur die 7-Stap proses te gaan. Dit het my sooooo baie gehelp. Daardie 7 stappe het my veral gehelp om op die regte plek met tuissskool te begin i.e. om visie vir my kinders te hê van waar hulle eendag moet wees. Keep up the good work!"
