Welcome to Unicus Learning Centre - Unlocking Your Child's Potential

Dear Parents and Guardians,

We hope this message finds you well. We understand that choosing the right educational environment for your child is a significant decision, and we are thrilled to introduce you to Unicus Learning Centre, where we're committed to unlocking your child's full potential.

At Unicus, we believe that every child is unique, with their own set of strengths, interests, and abilities. Our approach to education is centred on this belief. We offer a personalized and holistic learning experience tailored to your child's individual needs, pace, and learning style. We're here to empower your child to excel academically and to nurture their overall development.

Our team consists of highly qualified educators who are dedicated to providing top-notch support and guidance to our students. We take pride in offering a range of services, including professional assistance for homeschool learners, tutoring, scholastic assessments, reading and writing intervention, and more.

Our programs encompass not only academic growth but also emotional well-being, creativity, critical thinking, and character development.

One of our key offerings is the choice between Cambridge (IEB & Caps), Impaq, Think Digital and UCT, all respected and accredited programs that sets a strong foundation for your child's academic journey. Their curriculums are aligned with South African educational standards, ensuring that your child's education is recognized and meets regulatory requirements.

We understand that your child's educational journey may evolve, and we're here to support any transitions, whether it's within our learning centre or to traditional schools in the future. Our aim is to make these transitions smooth and straightforward.

As you consider Unicus Learning Centre, we invite you to explore the opportunities we offer, including our Young Engineers program, holiday programs, and aftercare services. These enriching experiences are designed to make learning both exciting and enjoyable for your child.

We look forward to the possibility of welcoming your child into the Unicus family. Together, we can embark on a journey of academic growth, personal development, and success. If you have any questions or would like to know more about Unicus, please feel free to reach out to us.

Thank you for considering Unicus Learning Centre as your educational partner. We're excited to have the opportunity to support your child's educational and personal growth.

Warm regards,

Drika Müller

Managing Director
